

Virtual Guided Presentations on ZOOM

These ZOOM presentations are led by trained Museum Educators and include opportunities for students to ask questions via chat and answer questions via predesigned polls as well as small group work in breakout rooms. Educators can host up to 30 students in a session.

Making Miami Home We all came from somewhere and everyone has a story! Find out why, when and how people have come to call Miami home during this interactive presentation on the Museum's ZOOM account by analyzing primary sources such as photographs and maps. Experience the birth and growth of our community through the stories of the women, Native Americans, Black and Afro-Caribbean, and Latinx/Hispanic people who have made South Florida their home. 1-1.5 hours Grade Level: 3rd-5th or 6th-12th

We the People The United States is a country founded by the people for the people, but who are the people? Throughout history, the answer to that question has changed. Join us for this civics and U.S. history themed interactive presentation on the Museum's ZOOM account to learn how the government operates on a local, state and federal level and the role of the individual in each. Students will work on critical thinking skills while investigating the history and relationship between these three governing bodies and how their operations impact our everyday life and community. 1-1.5 hours Grade Level: 6th-12th

The Green Book This primary sources based interactive presentation on the Museum's ZOOM account offers students the opportunity to study primary works to develop their critical and historical thinking skills. Specifically, we will look at the Green Book, a travel guide for African American motorists. Students will learn about the history of the Green Book, Reconstruction and Civil Rights in Miami. Grade Level: 6th-12th
